MAGNAVOX

WE MAKE STAYING
HOME FUN!

ODYSSEY²

Choose from a wide variety of
action-packed **ARCADE**...challenging
SPORTS...and **EDUCATIONAL** games.

ITS ONLY LIMITATION IS YOUR OWN IMAGINATION!

Odyssey² is a great source of entertainment and learning for the entire family. It attaches easily to any TV; telecasting in rich, vivid color on any color set. An alpha-numeric keyboard commands the unique Magnavox microprocessor video system which makes Odyssey² infinitely more sophisticated than ordinary home video games. It even surpasses most arcade games!

To change games, you merely change cartridges. Each Odyssey² game cartridge offers a variety of playing options to challenge different levels of expertise and skill. Games requiring high levels of sophisticated strategy and mental agility (that adults will never outgrow!) can also be scaled down for young children and beginners. Odyssey² games illustrated in this brochure are available now. And new ones are always on the way! Many of the cartridges contain two or more totally different games to play...each one programmable for either the child or the adult,

the beginner or the pro!

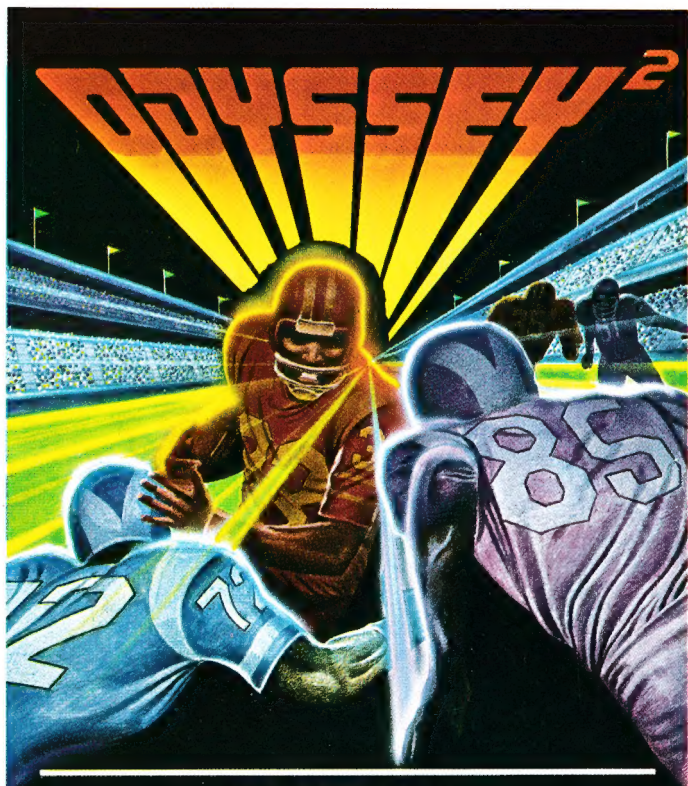

Included with Odyssey² are two action-packed games and one mental blockbuster:

Speedway, Spin-out and Crypto-Logic. This and other multi-game cartridges make collecting a variety of Odyssey² games more economical.

Explore the entire galaxy of games now available at your Magnavox dealer. You'll find Odyssey² games are fully computerized and designed to simulate reality to a truly remarkable degree. Play...and let your imagination run wild!

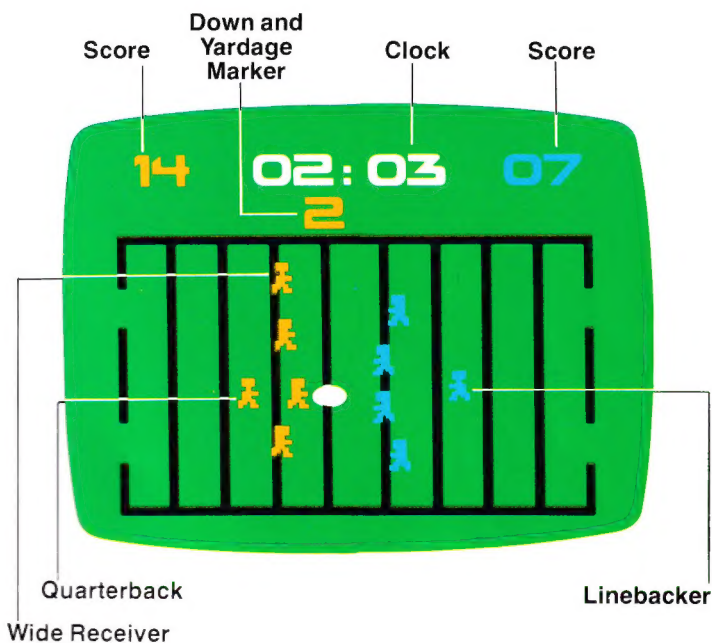

Action-Packed SPORTS Game

FOOTBALL!

You captain a team of realistic
electronic superstars!

Game Cartridge #AJ9402

FOOTBALL! Pro-action at the peak of excitement. And you captain a team of realistic electronic superstars! Call the signals! Drop back into the pocket and pass—run for the yardage—or try a field goal! There's a play-book full of offensive and defensive strategic options including varying running and passing situations. Just about anything is possible...including interceptions! Unique on-screen electronic sensors automate play action. The defensive linemen automatically follow the ball. Full sync-sound brings the stadium right into your own home. An electronic crowd cheers! The whistle blows after each play! A triumphant bugle sounds "charge" after every touchdown! On-screen digital readouts count down the clock and show the score. Two players – two skill levels.

2 Action-Packed SPORTS Games

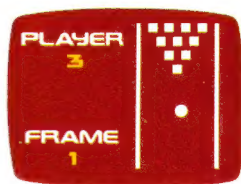

BOWLING!

A true
electronic simulation!

BASKETBALL!

So realistic,
the court has a built-in
gravity field!

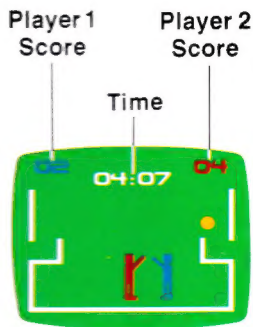

Game Cartridge #AJ9404

BOWLING!

A true simulation of ten-pin strategy. You go straight for pins—or hook from either side of the alley! But once you're on the hook—you're on the hook! There's no going back. Bowl a strike or pick up that spare. Test

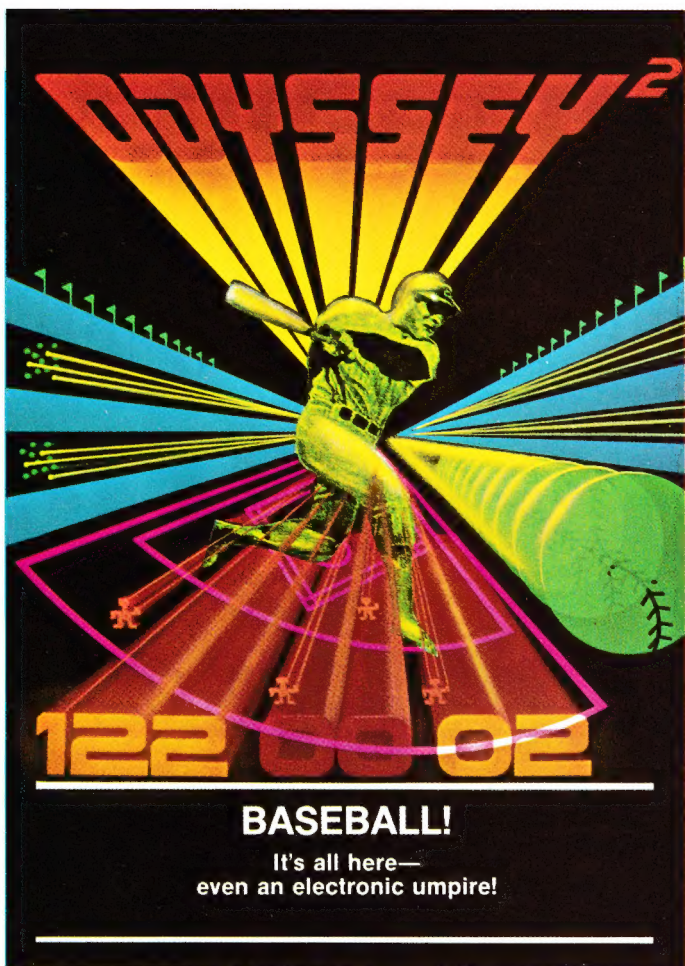

your skill. Digital scoring. Sync-sound action lets you hear the pins scatter! One to four players – two skill levels. (Lanes change colors to let you know when it's your turn.)

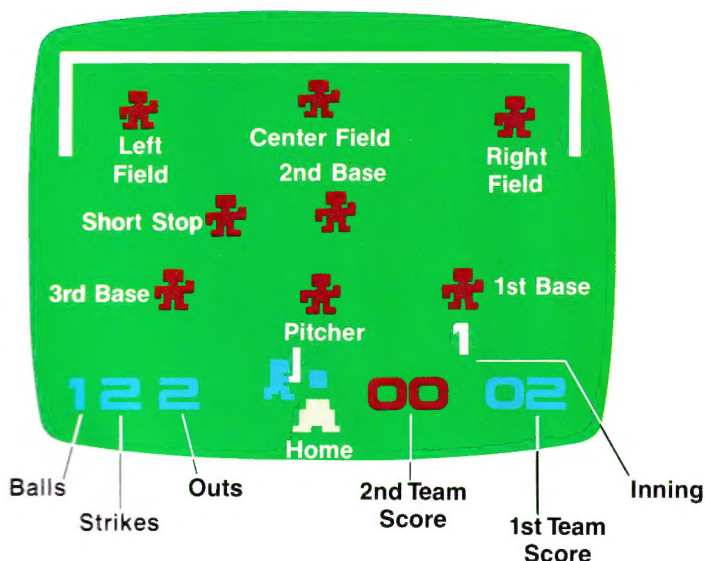

BASKETBALL!

Match your skill in fast-moving, exciting, one-on-one basketball action. For ultimate realism, there's even a built-in electronic gravity field! The electronic basketball bounces like a real basketball. Get position. Shoot. But if you miss the goal, the ball hits the rim or the backboard and bounces back into the court, so be ready to rebound. On-screen digital scoring and timer with authentic action sound. Two players – one skill level.

Action-Packed SPORTS Game

Game Cartridge #AJ9408

BASEBALL!

This will take you out to the ball game in the purest sense! The pitcher can throw inside and outside curves! An unchallengeable electronic umpire who will never need glasses calls the balls and strikes! The outfielders can play to a batter's weakness. A batter can hit for a hole in the outfield. Singles! Doubles! Triples! Homers! Even sacrifice flies!

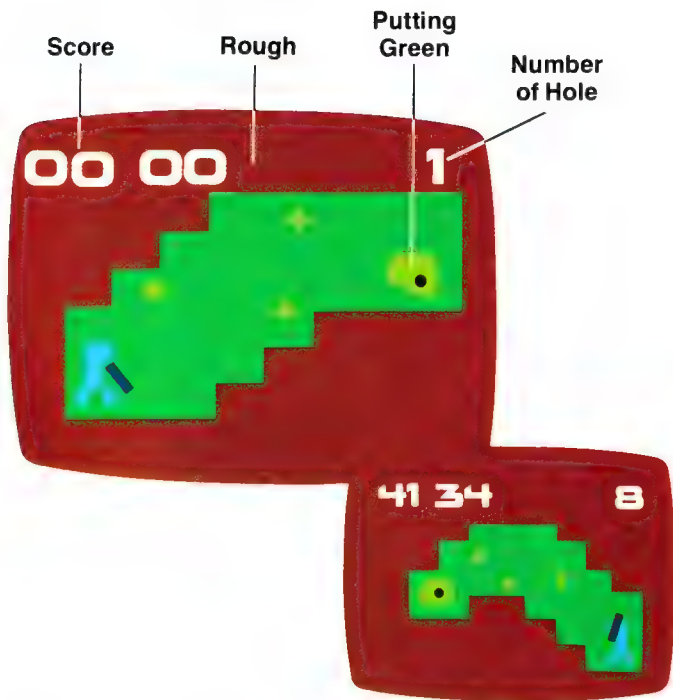

But watch out. You might strike out, too. World Series action right in your own home.

It's all here. (Except for the hotdogs and peanuts!) On-screen digital readouts show balls, strikes, outs, inning and score. Full live-action sound, from the crack of the bat to the cheers of the crowd! Two players – one skill level.

Action-Packed SPORTS Game

Game Cartridge #AJ9410

COMPUTER GOLF! A nine hole, par 36, electronic golf course for one to four players. Realistic electronic golfers hit long drives down the fairway and then chip up to the green. Then the screen changes automatically to show a close-up of the green itself. Putt out—then go to a new hole with a different layout and challenge! A remarkably complete electronic simulation. You have control over backswing, distance and direction. Hit into the trees and your electronic golfer will pound the ground with a club and spout some extremely colorful electronic language! On-screen digital scoring. Sync-sound action. For one to four players – with one skill level.

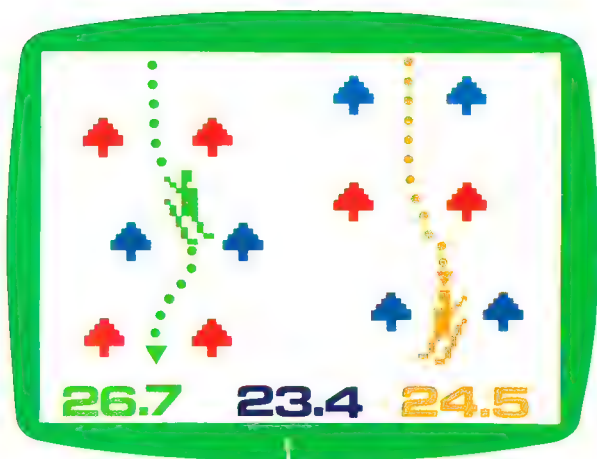

Action-Packed SPORTS Game

ALPINE SKIING!

An authentic computerized simulation of three different
world class championship events.

Game Cartridge #AK9418

Winning time

ALPINE SKIING! This authentic electronic simulation of world class championship skiing is so realistic you can actually hear your skis cut through the powder as you traverse the slopes! It's all here! The Slalom – the Giant Slalom – and the soaring Downhill races! The computer generates over 195,000 different runs! It's you against other skiers and a computerized timer that clocks you to 1/10 of a second. The excitement is endless. Alpine Skiing can be played by one or two players – with three skill levels.

2 Action-Packed SPORTS Games

ODYSSEY 2

HOCKEY!
Realistic speed skating and
fast off-the-wall action on
electronic ice!

SOCCER!
A computerized version
of the fastest growing
college sport in the U.S.

Game Cartridge #AK9420

HOCKEY!

You captain a full team of ice men. Battle for the puck at the face-off. Make an off-the-wall slap shot! Fake out the goalie and score! Unique on-screen electronic sensors automate play action! You control the stick

man and goalie – the team automatically follows the puck. Realistic skating action. Digital time keeping. Automatic scoreboard. Full sync-sound. One or two players – one skill level.

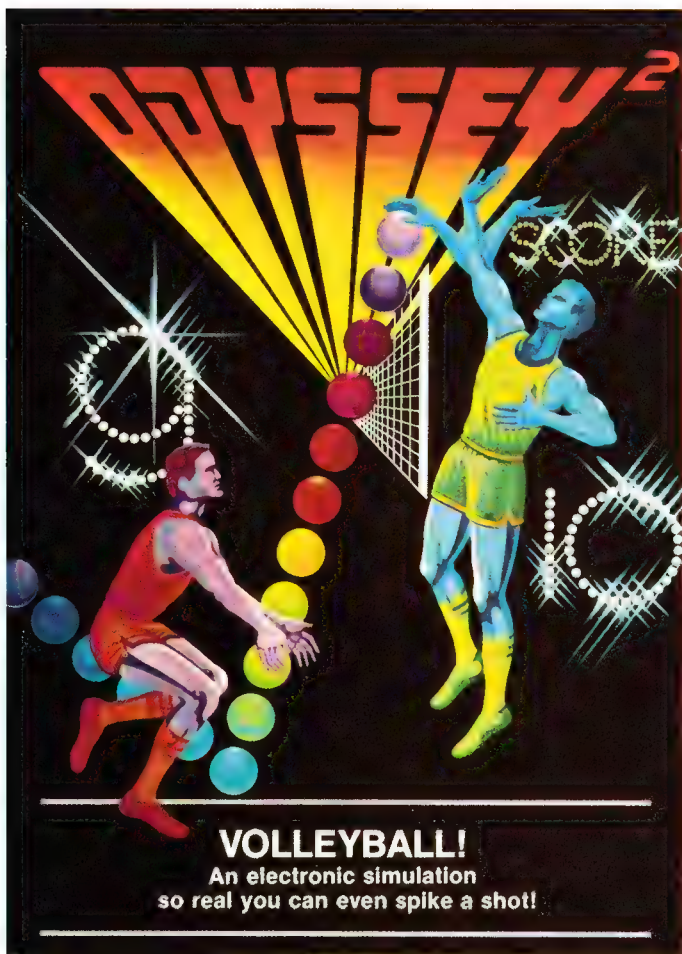

SOCCER!

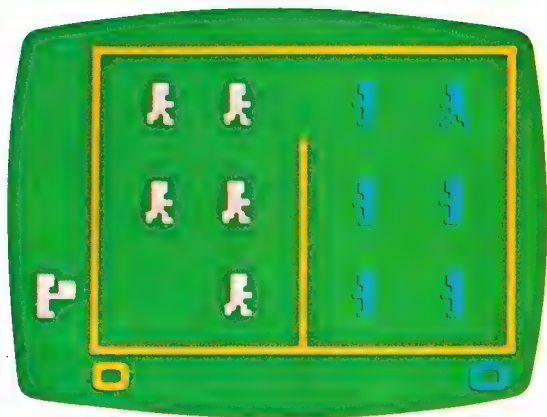

Use your head (and feet) to score in this computerized version of one of the most popular games in the world. Soccer is a national sport in England, Brazil, Russia and a hundred other countries from Albania to Zambia. Soccer is now the fastest growing major college sport

in the U.S., and here comes all the action right to your own TV. Based on official soccer rules. On-screen digital scoring. Automatic time keeping and computerized play action. Full sync-sound. One or two players – one skill level.

Action-Packed SPORTS Game

Game Cartridge #AA9422

VOLLEYBALL!

Fast authentic action with two regulation six-player teams! The ball is served from outside the court. The receiving team can pass the ball among the players or even spike a shot! But you can only score points on your own serve. Play against another player or the computer itself. There's digital scoring and authentic sync-sound action. For one or two players. One skill level.

Action-Packed SPORTS Game

Game Cartridge #AA9423

ELECTRONIC TABLE SOCCER!

This true-to-life electronic replica of a large, tournament soccer table is one of the most intriguing electronic games ever designed. You need instant reflexes and swift hand/eye coordination to score against the computer or another player. Invisible electronic lightning rods give you control over individual ranks of "men" who do an automatic reverse flip whenever the ball changes direction. There's a computerized scoring rack and full sync-sound action. For one or two players. One skill level.

Exciting SPORTS Game

Game Cartridge #AA9424

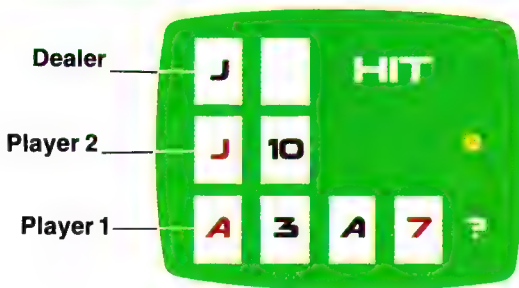

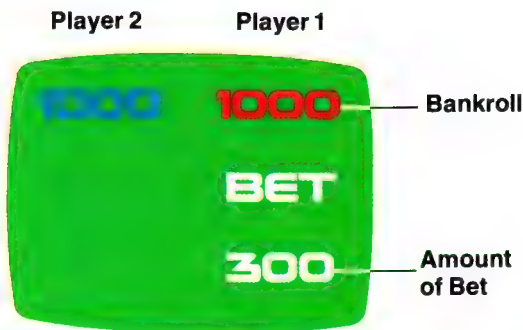

POCKET BILLIARDS!

Hustle your friends at Eight Ball or Rotation on this authentic computerized replica of a full size pool table. Your electronic cue can rotate a full 360 degrees to play the ball at any angle. You have full control to make a cannonball break shot that gives your opponent no break at all – or a delicate tap that sinks a ball into the corner pocket. Automatic racking. Computerized scoring. Full sync-sound action. For two players, with one skill level.

Exciting ARCADE Game

Game Cartridge #AJ9401

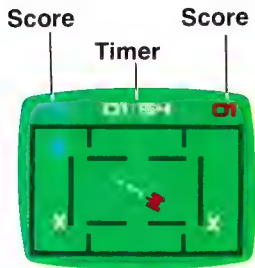

LAS VEGAS BLACKJACK!

Step right up and place your bets. The computer starts you off with a thousand dollars and shuffles the cards! You can double down or take insurance. You're playing by Las Vegas rules! Take one hit...or two, but stay under twenty-one! The computer keeps track of your winnings—and losses. Can be played by one or two players against the computerized dealer. Good luck!

2 Exciting ARCADE Games

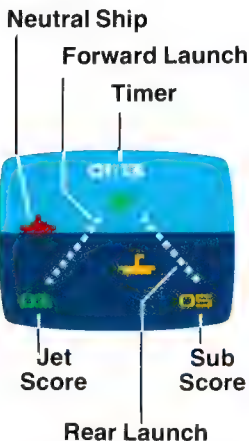

Game Cartridge #AJ9403

ARMORED ENCOUNTER!

Out of the battlefield and into your living room with an astonishingly realistic simulation of armored warfare! The electronic tanks not only look like tanks and sound like tanks – you even control them like tanks! (You turn a car by turning the front wheels. You turn a tank

by slowing one tread and speeding up the other.) This careful attention to real life detail even extends to the ammunition supply carried by each tank. A visual signal tells you when you're running low and must change strategy to rely on evasion action. Twelve game variations include barriers, cannons, guided missiles and minefields! On-screen digital scoring. Full-sync-sound action including sound of missiles, bombs and explosions! Two players – twelve skill levels.

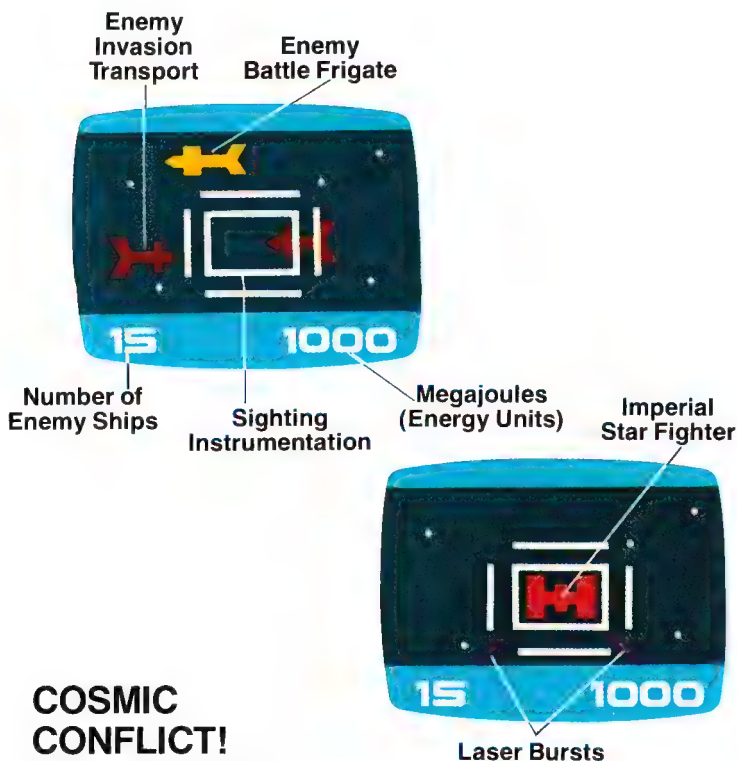

SUB CHASE!

Low flying jets hunt for enemy subs lurking in neutral waters! And you have full control of plane altitude, submarine depth and speed. Game variations include forward, vertical and aft trajectory patterns. On-screen digital readouts for game time and scoring. Full sync-sound action including sound of missiles, bombs and explosions! Two players – three skill levels.

Exciting ARCADE Game

Game Cartridge #AJ9411

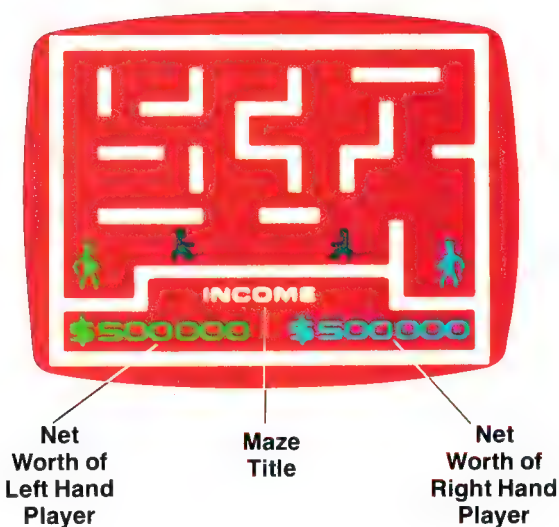

COSMIC CONFLICT!

You're the commander of the CENTURION, an Earth Federation starship guarding a remote corner of the galaxy. An alien invasion fleet from the planet Badnewsia, has penetrated the galaxy's outermost defenses! If you do not destroy it, Earth will be enslaved by the enemy hordes! Disintegrate enemy invasion transports with your laser blasters! Elude enemy star fighters warping in from hyperspace! This is a startlingly realistic simulation filled with remarkable special effects, out-of-this-world sounds, on-screen enemy proximity warnings and actual messages from Star Command! Can be enjoyed by one or more players – with one skill level.

Exciting ARCADE Game

Game Cartridge #AJ9412

**Net
Worth of
Left Hand
Player**

**Maze
Title**

**Net
Worth of
Right Hand
Player**

TAKE THE MONEY AND RUN!

An electronic labyrinth of more than one trillion economic mazes! Every maze is a game within a game – you and your opponent against the robots which represent different factors in the economy. With strategy, you may cooperate with the robots to thwart your opponent – or sometimes collaborate with your opponent to beat the robots! Continuous action game. For one or two players – with one skill level.

Exciting ARCADE Game

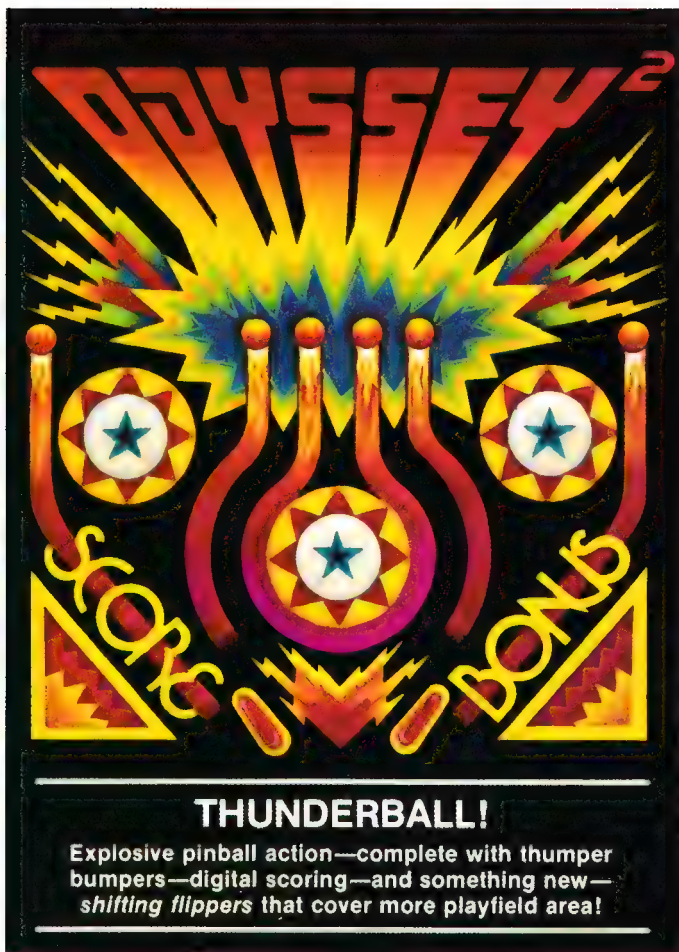

Game Cartridge #AK9414

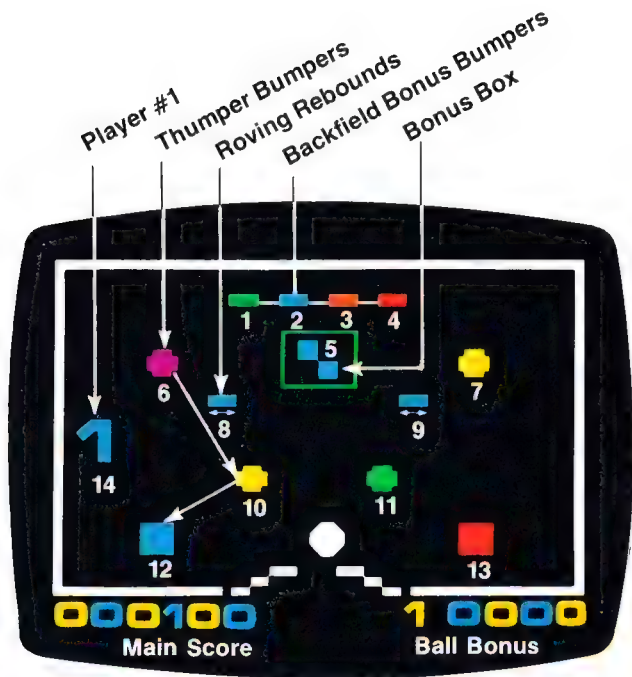

INVADERS FROM HYPERSPACE!

Protect your galaxy against alien space invaders— compete against an opponent in the next solar system. Computer controlled flying saucers spin in from hyperspace, destroying everything in their path! Your hand-controlled spaceship is equipped with blazing lasers as you attempt to defeat alien invaders, save your galaxy, capture planets and conquer the solar system! Automatic on-screen action while game is unattended. One or two players— two skill levels.

Exciting ARCADE Game

Game Cartridge #AK9415

THUNDERBALL!

A wildly realistic video pinball game with all the action-packed excitement of the real thing. Buzzers buzz! Beepers beep! And actual Thunderball-like sounds reverberate as you chalk up points. The longer the ball stays in play, the more you score. Quick reflexes are a must to operate the computerized thumper bumpers and shifting flippers you can actually move to cover additional space. The computer monitors scores for up to four players. The winner is the player with the most points after five balls. It's fun. It's challenging. This remarkable computerized pinball game does everything but collect your quarters.

Exciting ARCADE Game

Game Cartridge #AK9416

SHOWDOWN IN 2100 A.D!

The ultimate in electronic shoot 'em up games! You control complete movement of the gunfighter up, down and across the screen. Shoot six times and reload. But beware! There is an endless variety of obstacle patterns, ricocheting bullets and even a dramatic death scene! Three types of competition for one or two players. There is even computer versus computer action for continuous unattended on-screen play.

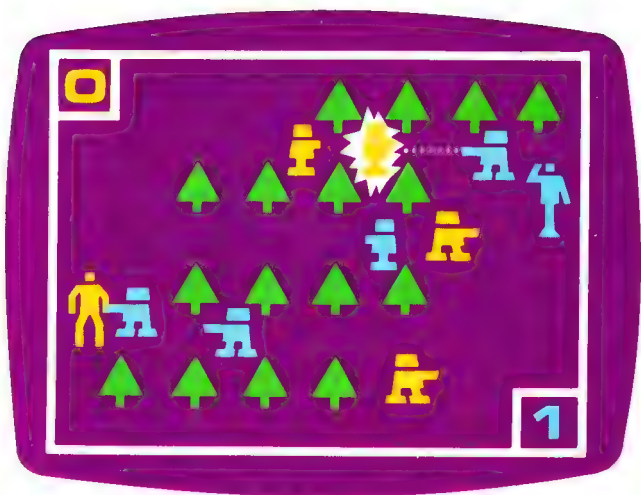

Exciting ARCADE Game

WAR OF NERVES!

A fast-moving electronic strategy game! You command an army of robots armed with stun guns!

Game Cartridge #AK9417

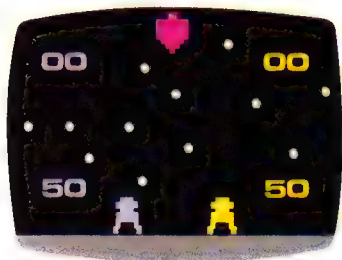

WAR OF NERVES!

A fast-moving electronic strategy game! You lead your robot army through a forested maze across an electronic battlefield. Mission: out-maneuver the enemy force and capture their general! But you have to think and act fast – or be captured yourself! Your android troops are armed with stun guns that they fire at will. The maze keeps changing after every encounter. Full sync-sound action including electronic bugle calls. Digital scoring. One or two players – one skill level.

2 Exciting ARCADE Games

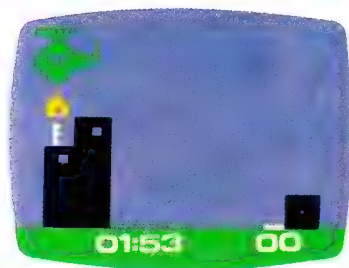

Game Cartridge #AK9419

OUT OF THIS WORLD!

Put yourself inside the capsule of an electronic spaceship. The mother ship orbits the planets as you and your opponent maneuver your spacelanders down to the surface. Fire your

thrusters intermittently to conserve your fuel. You'll need it to blast off and link up with the mother ship as it changes speed and direction. Three different electronic gravity fields simulate conditions on Jupiter, Mars and the moon! Full sync-sound action. Digital scoring. One or two players – one skill level.

HELICOPTER RESCUE!

This daring helicopter rescue mission is a race against time! You only have two minutes to save as many people as possible from impending disaster at the Doomsday Hotel. It takes

precision flying to get your chopper into position and board the survivors. Sync-sound action. Digital scoring. One or more players – one skill level.

Exciting ARCADE Game

Game Cartridge #AA9425

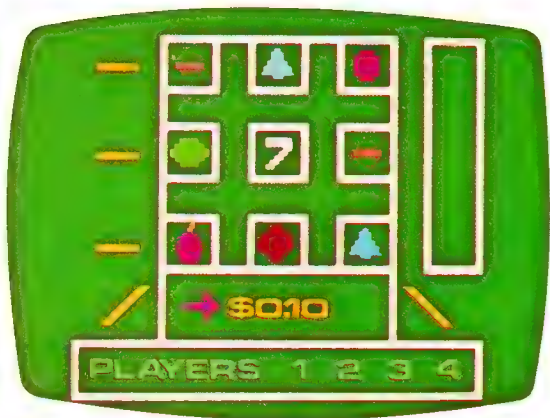

PACHINKO!

A far out electronic evolution of one of the most popular games from the far east. This cross between a pinball machine and a slot machine is incredibly larger than life. And you're right in the middle of the action playing against another person or the computer itself. If you don't like the odds, you can bounce your ball off the Magic Mountain and get a new set of numbers. But watch out for the robot Troubleshooter. He loves to scoop up your stray balls and send them careening down to your opponent! On-screen digital scoring and full sync-sound action. One skill level for one or two players.

Exciting ARCADE Game

Game Cartridge #AA9426

CASINO SLOT MACHINE!

Lady Luck is alive and well and living inside this authentic computerized simulation of the latest nine window one-armed bandits. Place your bets with the computer and pull the lever. Free wheeling melons, bells, plums, cherries and other traditional symbols spin by and fall into place one reel at a time. You have a chance to win in five different directions on each spin. Or you can lose! The computer will keep track of the money. Full sync-sound action. One skill level.

2 Exciting ARCADE Games

BLOCKOUT! BREAKDOWN!

Two demonically challenging games filled with
diabolical wall-to-wall action!

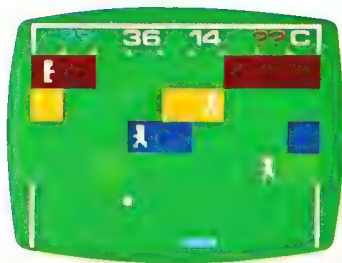

Game Cartridge #AA9427

BLOCKOUT!

You have ninety seconds to break through a fourth dimensional barricade—but you have to outwit some crafty electronic demons who have the

power to stop you cold! They may replace disintegrated blocks or rebuild barricades. Fast moving action for one or two players. And the best time wins. Full sync-sound action. One skill level.

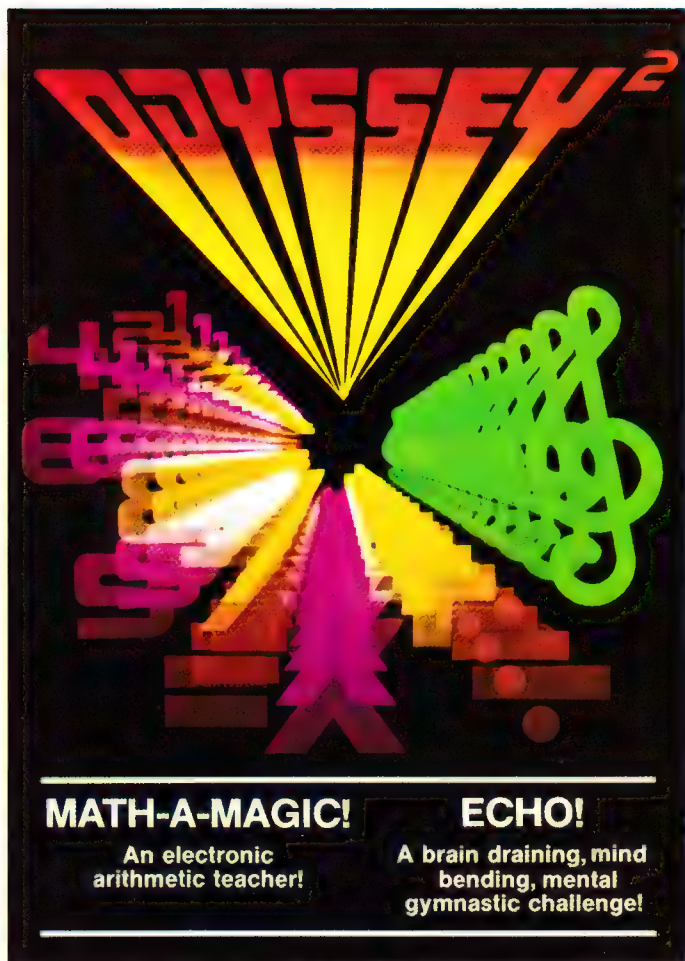

BREAKDOWN!

You have one minute to bust all the blocks off the screen. But you better be quick. Because electronic demons keep putting them back. Challenge

another player or just try to beat the computer. You can even watch the computer play itself. On-screen digital scoring and timing! And full sync-sound action. For one or two players. One skill level.

2 Challenging EDUCATIONAL Games

Game Cartridge #AJ9405

MATH-A-MAGIC!

Makes addition, subtraction, multiplication and division fun to practice. It even presents primary level algebraic challenges! The computer presents the problems, evaluates the answers and sings out with a musical

cheer for every ten correct solutions! Digital scoring. Full sync-sound action. One or more players – three skill levels.

ECHO!

The great brain drainer of all time! Starts off easy. Four numbers appear on the screen. The computer lights up one to the sound of a musical tone. Now it's your turn. You echo the computer and press the same

number. The computer responds with the same number and one more. Your turn again. For every right answer, the computer will add one more number to the sequence. After echoing a six digit sequence, you will slowly feel your mind turn inside out! The computer can go farther than you can. How far can you go? This is a marvelous electronic challenge for everyone in the family. Digital scoring. Full sync-sound action. The longer ECHO sequence sounds like galactic music – very far out of this world! One or more players – unlimited skill level.

Challenging EDUCATIONAL Game

Game Cartridge #AJ9406

COMPUTER INTRO – is not for everyone!

This cartridge turns your Odyssey² into an electronic teacher of computer theory and technology. You learn how to program and run a real microprocessor computer in an assembler language. Use the alpha-

numeric keyboard to write a computer program. Then enter it into the Odyssey² "brain" – capable of making 100,000 electronic decisions every second! You actually run the program and see the exciting results on your television screen. Shut off the power and it erases everything automatically so you can start a new program any time you want. If you master this one, you will have come a long way in understanding computers and how they work. But remember. This game is not for everyone. It is designed specifically for those individuals cognizant of the computer age and its challenges.

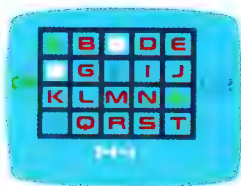

3 Challenging EDUCATIONAL Games

The logo for Odyssey 2 features a central black point from which several colored beams radiate outwards, resembling an orbital path. The beams are colored in a gradient: red at the top, transitioning through orange, yellow, green, and blue. The word "ODYSSEY" is written in a stylized, bold, red font across the top of the beams, with a superscript "2" at the end. Below the main logo, there are three distinct sections, each representing a different game included in the cartridge.

MATCH-MAKER!	LOGIX!	BUZZWORD!
An exciting game of memory and concentration!	A challenging game of deductive reasoning!	A fun-packed electronic guessing game!

Game Cartridge #AJ9407

MATCHMAKER!

An innocent looking matrix filled with letters appears on the screen. The first player presses a letter on the keyboard and a symbol appears in

the box. Pressing a second letter, a second symbol appears. If they match, the player scores! If they don't match, it's the second player's turn. The trick is to remember what symbols have appeared in which boxes. Full sync-sound. For two players – with one skill level.

BUZZWORD!

An exciting electronic guessing game! The computer picks a secret word and telecasts dashes to indicate the number of letters. You guess the

letters. If they're in the word, they appear in position on the screen. Wrong guesses are awarded with a loud BUZZZZZ and appear at the bottom of the screen. You have eight chances to win. Full sync-sound. One or more players – one skill level.

LOGIX!

This game of deductive reasoning would challenge even the great detective! The computer secretly chooses five numbers and arranges

them in a random sequence. You get to figure out what the numbers are and in which order they appear. The trick is to outwit the computer in the shortest number of tries from the information available. Full sync-sound. For one or more players – with one skill level.

Challenging EDUCATIONAL Game

Game Cartridge #AK9413

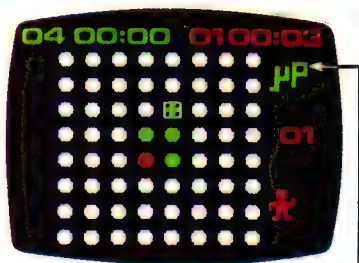

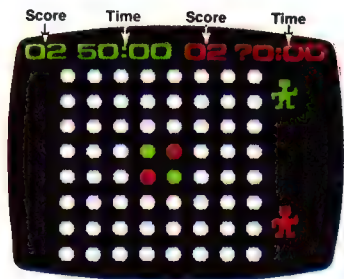

I'VE GOT YOUR NUMBER!

This game was designed for children, but can also be fun for adults. Players must capture the correct object or number to complete an equation and obtain the reward. The level of difficulty gradually increases as more correct answers are completed. It's fun. It's exciting. It's competitive. And you can't help but to improve your math. Complete with sound effects and a surprise at the end of every game. For one or two players – with built-in progressive degrees of difficulty.

Challenging EDUCATIONAL Game

Game Cartridge #AK9421

Symbol for
Microprocessor

DYNASTY!

The origins of Dynasty predate chess by more than a thousand years. This venerable ancestor is the ancient Chinese strategy game of GO, which was first played by the nobility. Dynasty is a computerized descendent of this legendary war game which was actually a required course in the Japanese military academy as late as 1600. Dynasty is deceptively easy to learn, but its infinite variations make it profoundly addictive. Play against the computer or another player. A digital timing handicap system gives a newcomer a good chance to upset an experienced player. Can be enjoyed by one or two players – with virtually unlimited skill levels.

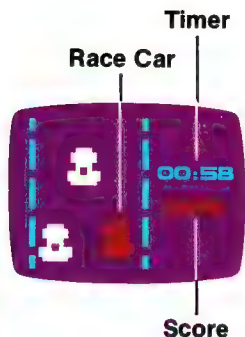

3 Games:
ARCADE, SPORTS, & EDUCATIONAL

The image shows the front cover of the Odyssey 2 game box. At the top, the title "ODYSSEY 2" is written in a large, stylized, red-to-yellow gradient font. Below the title, a central illustration depicts a futuristic racing scene. A pink and red race car is in the foreground, viewed from a low angle. To its left, a green, blocky, maze-like structure is visible. To its right, a purple and white track or structure extends into the distance. The background is black with several bright yellow and white light rays emanating from a central point behind the car, creating a sense of speed and depth.

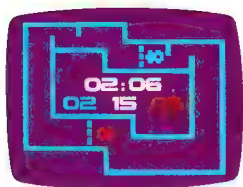

SPEEDWAY!	SPIN-OUT!	CRYPTO-LOGIC!
Race against the clock and an electronic maze of other cars!	High speed racing action around an enclosed track!	Solve secret messages enciphered by the computer!

Game Cartridge #AJ9400
(included with Odyssey²)

SPEEDWAY!

You're racing a really mean machine against the clock...not to mention a pack of high speed cars driven by the coolest hotfoots in the world! A game for one or more dare devils – with two skill levels.

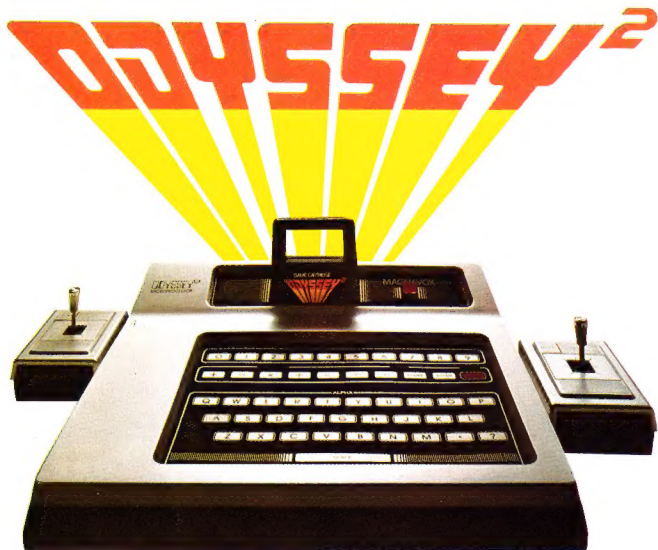

SPIN-OUT!

Test your reflexes! Spin-out offers explosive off-the-wall race action around a hazardous enclosed track! Two different raceways to challenge your skill and steadiness. One or two players – four skill levels.

CRYPTO-LOGIC!

Secret messages are assembled by random transportation ciphers that come out differently everytime! You have to out-think the computers! Two or more players – unlimited levels of playing skill.

This computer is the heart of a new kind of electronic video game system.

An ALPHA-NUMERIC KEYBOARD translates English into the electronic language of the microprocessor. This tiny computer brain is a micro-genius capable of making more than one hundred thousand decisions every second...and is quite closely related to those microprocessors used in today's highly advanced aerospace and weaponry systems. The application of this state-of-the-art technology makes Odyssey² unique among electronic games by simulating reality to a truly remarkable degree. It will not require very much imagination to believe that your television screen is portraying real events!
